

## Strollathon Captains and Teams

The following list was generated by a Strollathon Chair. While everyone is welcome to participate in the Strollathon, it is important to *target* and *ask* specific (and many) people to captain a team. Not all will agree to it; but many will! See the relationship between each “hopeful Captain” and the Chair...then create your own list of who to target. This particular Strollathon has a husband/wife Chair. For many Strollathons, the list can be even longer if each committee member creates their own list! (Only first names are being used to ensure privacy.)
