

Grandparents Network

Welcome to the Grandparents Network at IRSF. Grandparents are such special people to begin with. However, a grandparent to a Rett Angel is even more special. These children (and your children) love you and need you. Even if you are not closeby in proximity, you can be in spirit by showing your love, care and concern. This network is a primarily email based community that will strive to help you understand Rett syndrome better as well as how you can help your children cope with their diagnosed child. You will receive regular network email communications, the IRSFlash (our monthly e-news alerts) as well as the IRSF Rett Gazette (our bi-annual print newsletter).

{artforms formid=5}

Thank you for registering to be a part of the IRSF Grandparent Network. You will receive an email from Jennifer Endres, Family Resource Manager, shortly.

In order to add to this special section of the website, please email a picture of you (grandmother or grandfather or both) with your grandchild to jendres@rettsyndrome.org. Please identify who is in the picture—first names only will be mentioned. Feel free to include what it is you are referred to as—Grammy, Nana, Papa, Granddad, etc.

The Grandparent Directory will be online soon. You will be contacted when it is complete.
