

Family Matters

FamilyMatters is a series of topical questions posed to various IRSF online Rett communities by the IRSF Family Advisory Board (FAB). Our goal is to tap into the vast wisdom of parents and caregivers who most often are the best resource for solutions to the practical, common, day-to-day issues, concerns and dilemmas we all face. The community answers will be summarized here for everyone's benefit. We hope you find this interesting and helpful, and we invite you to submit additional responses or tips to admin@rettsyndrome.org.
