

Progress Reports

Reporting Guidelines

Interim Reports: A six-month written scientific progress report must be submitted to IRSF no later than March 15th of the first funding year. A second interim scientific progress report is due no later than March 15th of the second funding year.

Year End Reports: Support for the second year of this project is dependent upon the successful submission of a non-competitive scientific progress report and financial report due no later than August 15th of the first funding year. A final scientific progress report and financial report detailing all expenditures for the life of the grant will be due no later than November 30th of the second funding year or 60 days following the termination of the grant as described in IRSF's Policy Statement on Research Support.

The budget approved for the first year of your project is reflected in your Budget Acceptance form; please use only IRSF approved amounts when submitting your financial reports.
