

Chase Community Giving Competition

The International Rett Syndrome Foundation has been entered into the Chase Community Giving Competition. Cast your one-time Facebook vote for IRSF before May 4th. The top 100 finalists win \$25,000 each. Vote and share today!

Want to Know More...

WHAT IS CHASE COMMUNITY GIVING?

Chase Community Giving was introduced in 2009 as a new way forward for giving. This unique program lets fans of Chase Community Giving vote to help determine where Chase donates millions of dollars. In total, millions of people have helped us donate \$10 million to 300 winning charities in 35 states. But we're just getting started.

HOW DOES THE PROGRAM WORK?

Chase Community Giving Spring 2011 will have two rounds of voting. Round 1 will begin on April 21st and run until May 4th, 2011. The 100 eligible charities with the most votes will win \$25,000 and move on to Round 2. All Round 2 charities will have the chance to submit a Big Idea for how they would use a top donation of \$500,000. Based on the votes received between May 19th and May 25th, 2011, one charity will be eligible for the top donation of \$500,000!

HOW DOES VOTING WORK?

Everyone that Likes Chase Community Giving gets ten votes to use during Round 1 and five during Round 2. Although participants can only vote for each charity once, they have the ability to share their favorite charities with friends through Facebook and Twitter. To get them excited, take advantage of the many ways you can add information to your Charity Profile Page!

CAN YOU TELL ME ABOUT THE LEADERBOARD?

Sure can! Once voting opens on April 21st, 2011, the Leaderboard will be periodically updated to showcase the 100 charities that have received the most votes.

HOW DO I MAKE USE OF BADGES?

The badges on your Charity Profile Page are another great way to highlight your participation in Chase Community Giving. By embedding a badge on your charity's website, or other relevant online locations, you're adding a clickable unit that directs traffic directly to your Charity Profile Page. If you're not sure how to embed a badge, we recommend talking with whoever built or manages your website.

CAN CHASE COMMUNITY GIVING PARTICIPANTS DONATE TO MY CHARITY?

They sure can! On your Charity Profile Page, you'll find a blue box with a headline that reads "Donate to this Charity." Any of your supporters can click the green "Lend a Hand" button within and be directed to a page designated by your charity administrator. Please note that Chase does not control, endorse or guarantee any aspect of your supporter's use of your donation site including, but not limited to, any donations made there. Additionally, be advised that your donation site's privacy policies and security practices may be different from Chase's. Lastly, everything your supporters encounter from that point on is no longer affiliated with Chase or Chase Community Giving.

WHERE CAN I GET MORE INFORMATION?
