14th Rett Syndrome Symposium

Poster Abstract

- Abstracts are published by Rettsyndrome.org in a program book that is given to all conference attendees.
- Abstract content and editing are the responsibility of the submitting author. Abstracts will be published as received. Please review your submitted abstract through your account portal by the discounted registration deadline noted on the specific meeting webpage to ensure accuracy (co-authors, funding recognition, etc.) before the abstract book goes to print.
- Submission of the abstract signifies consent to publication of the abstract in the program book and distribution of the program book containing your abstract to symposium attendees.
- Poster space is limited; submit your abstract early.

Poster Abstract Submission Guidelines

How to Submit:

- Send the document as an attachment by email to research@rettsyndrome.org by May 20, 2016. In the subject line, include “2016 Rett Symposium Poster Abstract – last name”. You will receive an email confirming receipt of your poster. If you do not receive a confirmation, please contact Janice Ascano (info below).

Use the following format for optimal readability in the program book.

- Character count: **2200 characters, including spaces**
- The title, author and institution information will be counted in the character count.
- Font: Arial — Spell out Greek letters or use the Symbol font to ensure accurate printing of your abstract.
- Must be saved in Rich Text File format (RTF).
- Document should not contain:
  - Text boxes, comments or revision notes.
  - Email addresses and phone numbers. These will be listed in the participant list in the meeting abstract book. You may also include necessary contact information on your printed poster for display.
- Abstract will be printed in black.
- We cannot guarantee images embedded in your abstract will print correctly.
- **Important: See diagram below for further formatting instructions.**
