Our Guest Of Honor:

Jessie has been living with Rett Syndrome for almost 26 years. Although Jessie is non verbal and unable to walk or use her hands purposefully, she is a happy young woman and an inspiration to everyone who knows her. Lisa and Sean Lebson have been raising funds for IRSF and helping to increase awareness of this disorder for nearly 25 years. Jessie, her two brothers and her entire family have been so grateful for all of the love and support they have received over the years.
